

Who We Are

The Published Writers of Rossmoor (PWR) club provides an intellectually stimulating environment for published and aspiring book authors. Various marketing resources to advertise and sell published books are available. Published authors provide assistance to aspiring book authors.

What We Do

At monthly meetings published book authors and experts in the publication and marketing of printed and e-books from the San Francisco bay area are invited to discuss in-depth different aspects of how to get a recently published book in front of the most appropriate reading audiences. Other marketing opportunities include articles in newspapers, television interviews, book launches and book bazaars.

Books Published

The PWR club celebrated its 5th birthday in June 2017. It now has 102 members. The Rossmoor library, <http://rossmoorlibrary.org/>, has 239 unique books written by previous or current Rossmoor residents. Of this total, 67 (28%) books were written by 28 past or current PWR club members!

PWR Website

PWR events—past, present and upcoming—are listed on the club's Internet website,

<http://www.rossmoor-writers.com/>.

Activities include featured authors, book parties and other book-author-related celebrations. PWR club members also have the opportunity to include their personal Internet page on the PWR website. Monthly meetings permit members to network with other book authors and presenters.
